

The foundations of Catholic devotion to Mary can be found in both Scripture and Tradition. The rosary is just one of the beautiful devotions to Mary that Catholics practice. The rosary is a wonderful way to incorporate meditation into prayer life. You can start with saying a single decade every day and work toward a full rosary. Many people build such a deep devotion to the Rosary that they pray all the mysteries every day. Regardless, working the rosary, with its meditative nature, into your daily prayer will bring result in abundant graces and spiritual benefits.
