

ST. ANDREW
CATHOLIC ELEMENTARY

Who We Are

St. Andrew Catholic Elementary School, in collaboration with home and parish, is committed to establishing a solid learning foundation rooted in faith empowering our students to reach their unique and full potential by becoming reflective and creative thinkers, compassionate members of society, and stewards of God's creation.

Our Vision

St. Andrew Catholic Elementary School is a partnership of students, parents, staff, home and Church and is dedicated to exemplifying Catholic values in an enabling learning environment which promotes the dignity, respect and potential of all students.

Achieving: Meeting the Needs of All Learners

Students will develop a deep understanding of mathematical concepts so as to be able to solve authentic, rich multi-step/multi-strand problems using a variety of strategies with perseverance.

Believing: Celebrating our Catholic faith and aspiring to be models of Christ

Students will be given opportunities to consider real-world issues in terms of our Catholic Social Teachings, they will show empathy and compassion for others, and think critically about these issues in order to determine solutions in an effort to promote positive social change.

Belonging: Embracing Relationships and sustaining safe, welcoming schools

Through a focus on self-regulation, students will feel happy, confident, and ready to take risks in their learning knowing that they are capable of achieving their goals.

Foundational Elements: Optimizing organizational elements

We will continue to promote inquiry by using critical thinking skills and effectively communicating when exploring rich questions. Communication will be timely, transparent and responsive.
