

Class Placement

Reminder about Class Building for September 2019

One of the most significant tasks we will take on the next few months is building our classes for September 2019. We make every effort to balance classes and will spend many hours reviewing the learning profiles of our students. Our goal is to find the best placement for each student. A number of factors will be considered in building classes, such as:

- Academic achievement
- Learning styles
- Social groupings
- A balance of boys and girls

This information, combined with our knowledge of the teaching styles of staff members is utilized to create classes that we hope will permit each student to be successful.

As parents, you know your child from a different point of view and may be able to provide us with additional information about the learning environment you feel would be most suitable for your child and about the teaching style that is most successful with your child

Parents/Guardians are invited to email Mr. McCarles at (mccarlesq@hcdsb.org), stating factors they feel should be considered when placing their child.

PLEASE DO NOT request specific teachers. Staffing changes occur and such requests cannot be honoured. When this input comes in after classes have been built, it can affect decisions that have been carefully made for the entire group. For this reason, we will only be considering information in writing prior to the deadline.

We request your input no later than Monday May 13, 2019. We will not be accepting any requests after this date.

The school reserves the right to make final placement decisions

MOVING? If your address has changed recently or will be changing over the summer, please notify Mrs. Heath at (heathm@hcdsb.org) as soon as possible.

Thank You,
G. McCarles
