## **PARENT/GUARDIAN INFORMATION AND RESPONSIBILITIES DIABETES MANAGEMENT PROTOCOL**

### **INTRODUCTION:**

A review of the HCDSB Diabetes Protocol has taken place to address the components of Ministry of Education Policy/Program Memorandum #161 Supporting Children and Students with Prevalent Medical Conditions (Type 1 and Type 2 Diabetes) in Schools.

### **ACCESS TO THE HCDSB DIABETES PROTOCOL**

**The Diabetes Management Protocol, Parent/Guardian Information Package and**

**Type 1 Diabetes video** is accessible to parents on the HCDSB Board's website:

[www.hcdsb.org](http://www.hcdsb.org) + PARENTS + Safe, Healthy and Inclusive Schools + Medical Conditions + Diabetes

### **ROLE OF PARENT/GUARDIAN WITH SCHOOL**

In order for School Staff to provide a safe and nurturing environment for students managing their Type 1/Type 2 Diabetes, Parents/Guardians are asked to:

**PROVIDE Proof of Diagnosis for your child which can be ONE of:**

- a letter/note from the physician or specialist, OR
- a copy/photocopy of the prescription, OR
- a photocopy of the prescription from the Epi Pen container, OR
- a copy/photocopy of the Official Receipt of the medication from the pharmacist

**COMPLETE and return the following forms found in this package:**

**STUDENT PLAN OF CARE**

- Parents/Guardians of newly registered or newly diagnosed students shall create the Student Plan of Care in consultation with the School Administration during the last week of August. For students already registered, the Student Plan of Care will be reviewed and/or updated annually and shared with the school, before the start of each school year.

**REQUEST AND CONSENT FOR THE ADMINISTRATION OF DIABETES INTERVENTION MEDICATION(S) FORM**

- Form is completed by Parent/Guardian when the school agrees with the parent request to provide medical intervention and/or medication under the listed conditions of the form.

### **Please Note – Urgency of Having Completed Forms As Soon As Possible:**

To act in the best interest of your child responding to a reaction, you are strongly encouraged to provide all relevant information and forms to manage your child's Type 1/Type 2 Diabetes to the school principal in a timely manner. Failure to do so may place your child at unnecessary risk.

**COMMUNICATE with School Administrator child requires professional health services within the school setting to assist with management protocols:**

#### **Procedures:**

- Arrange meeting with principal to discuss.
- Complete an application form to the Community Care Access Centre (CCAC). (form available at school office)
- Completed application form forwarded to the CCAC by principal
- A CCAC Case Manager will contact parent and principal and complete an assessment of the child's health care needs in the school setting.
- A multidisciplinary conference may be required to identify the needs at school and to determine eligibility for CCAC services.
- On admission, goals will be determined and a service plan developed to ensure the safest possible learning environment for your child.

- On occasion, there may be a waiting period for some services, and/or a lack of availability of service providers. In these circumstances, the CCAC will work with parents and school staff to develop a safe plan for the child.

**UPDATE Changes of information: Emergency Contact, Medication, Medical Diagnosis:**

Parents are responsible to inform School Administration of any changes to contact information, medication or medical condition diagnosis as soon as is reasonably possible. Forms can be accessed through the School Office.

**NOTE:** Changes to your child's diagnosis must be accompanied by a note/letter from your child's physician indicating the change.

**COMMUNICATE with Secondary School when child is graduating from grade 8:**

You will receive from your elementary school, in June, a recent copy of your child's Anaphylaxis Student Plan of Care. You are requested to update the form with recent medical and contact information and to provide the completed form to the secondary school administrator/designate during the last week of August. **PROVIDE a constant supply of fast acting sugar, to prevent and treat low blood sugar.**

**PROVIDE, when appropriate, an extra snack (e.g. trips)**

**PROVIDE a clearly labelled (student name, address) container** which includes blood glucose monitoring items and insulin injection items and medication.

**CONSIDER providing a MedicAlert bracelet or necklace for your child,** and discuss the importance of wearing it. The form can be obtained by calling 1-800-668 1507 or visit [www.medicalert.ca](http://www.medicalert.ca)

### **PARENT/GUARDIAN RESPONSIBILITIES WITH THEIR CHILD:**

Communicate the following information and responsibilities to your child in managing their diabetes. Review with your child when appropriate.

- Provide age appropriate understanding of their diabetes, how to recognize the symptoms of a low blood sugar and high blood sugar and how to take age appropriate action to treat the symptoms.
- Provide age appropriate information on how to administer the blood sugar monitoring system, blood testing, insulin injection, safe disposal of lancets and needles, how to manage and use appropriately the insulin pump (e.g. administering a bolus dose).
- The importance of carrying/having immediate access to their blood sugar testing kit, fast acting sugar and insulin injection apparatus at all times.
- The importance of eat all and only what parents/guardians have approved.
- Guide and encourage your child to self management and self advocacy
- Strategies on how to deal with and resist peer pressure to 'try' something.
- Guide and encourage your child to self management and self advocacy.
- Inform, check and review when necessary with their child the location of their blood sugar testing kit, insulin injection apparatus and fast acting sugar during the school day and at school sponsored activities.
- Remind the child, prior to the child leaving for school, to check that the container for carrying (e.g. 'fanny pack', purse) contains the blood sugar testing kit, insulin apparatus and fast acting sugar.
- Talk to their friends about their Diabetes and let them know how they can help them.
- Inform child that when they are feeling unwell to never remove themselves to a secluded area or go off to be by themselves (e.g. washroom). Tell a teacher or classmate when they are having difficulty and need help.
- Communicate with parents/school staff if they are facing challenges related to their diabetes, including any and all teasing, bullying, threats or any other concerns they have.
- Consider providing a MedicAlert bracelet or necklace for your child. The form can be obtained by calling 1-800-668 1507 or visit [www.medicalert.ca](http://www.medicalert.ca)

## **STUDENT RESPONSIBILITIES (ELEMENTARY AND SECONDARY):**

- Where appropriate participate in the meetings for the development and review of your Plan of Care.
- Recognize your symptoms of a low blood sugar and high blood sugar and how to take age appropriate action to treat the symptoms.
- Eat all and only what parents/guardians have approved.
- Check prior to leaving home that they have their blood sugar testing kit, insulin apparatus and fast acting sugar.
- Take responsibility for carrying and looking after your blood sugar testing kit and insulin injection apparatus and fast acting sugar during the school day and at school sponsored activities.
- Carry out daily or routine self-management of your Diabetes as described in the Plan of Care.
- Take responsibility for advocating for personal safety and well being.
- Check that you blood sugar testing kit, insulin injecting apparatus and fast acting sugar is always accessible to their location. (Age appropriate)
- Know (in age appropriate ways) how to administer the blood sugar monitoring system, blood testing, insulin injection, safe disposal of lancets and needles, how to manage and use appropriately the insulin pump (e.g. administering a bolus dose).
- Where appropriate set goals on an on-going basis for self-management of their diabetes
- Promptly inform an adult that you have Diabetes as soon as symptoms appear or when experiencing a general feeling of 'un-wellness'.
- Never isolate yourself when checking blood sugar or feeling unwell.
- Communicate with parents/school staff if you are facing challenges related to you Diabetes, including any, and all, teasing, bullying, threats or any other concerns they have.
- Wear/carry medical alert identification when parent/guardian deems appropriate

## **SCHOOL FORMS**

- TYPE 1/TYPE 2 DIABETES IDENTIFICATION AND EMERGENCY TREATMENT PLAN**
  - To identify your child to others, this form will be created from information included in the Student Plan of Care, by the School Administrator, and will be shared with appropriate school staff and posted in your child's classroom. This form will also be provided to Halton Student Transportation Services (HSTS) where applicable).
- AT-A-GLANCE TYPE 1/TYPE 2 DIABETES IDENTIFICATION**
  - To identify your child to others, an At-A-Glance document is created, by the School Administrator, which includes the student's name, grade, picture, and medical condition only that is only posted in pertinent staff areas (i.e. staff room/health room).

## **IDENTIFICATION AND EMERGENCY TREATMENT PLAN**

### **HYPOGLYCAEMIA (LOW BLOOD SUGAR)**

**SIGNS AND SYMPTOMS OF A LOW BLOOD SUGAR ARE:** (Check (✓) all that apply)

- Sweating       Trembling       Dizziness       Mood changes       Confused  
 Hunger       Headaches       Blurred Vision       Extreme tiredness / paleness  
 Other, please specify \_\_\_\_\_

If the student exhibits any of the above symptoms or feels unwell, looks unwell or says they are "low"

- DO NOT leave the student alone
- DO NOT allow the student to use stairs

#### **ACTION**

Ask student to check their blood sugar

If the reading is **below 4.0** on the meter give **fast acting sugar immediately:**

**3** glucose tablets **or** **6oz** (175 ml) of juice / pop (not diet)

**5 - 6** lifesavers **or** \_\_\_\_\_

If student is unable to check blood sugar - provide fast acting sugar (see above)

Wait 15 minutes - Repeat blood sugar check

If blood sugar is still below **4.0** repeat above ACTION and call parent

If blood sugar is above **4.0** and next meal/snack is greater than 1 hour away, follow-up with a snack (provided by parent), otherwise no further action required.

#### **WHEN TO CALL 911**

If student is...

**Unresponsive, Unconscious, Having a Seizure**

**Unwell / Vomiting**

- |   |  |
|---|--|
| 1. Roll student on their side             | 1. Notify parents                            |
| 2. Call 9-1-1                             | 2. Call 9-1-1 (if unable to contact parents) |
| 3. Inform EMS student has Type 1 diabetes | 3. Inform EMS student has Type1 diabetes     |
| 4. Notify parents'                        |  |

**DO NOT give food or drink**

## **IDENTIFICATION AND EMERGENCY TREATMENT PLAN**

### **HYPERGLYCAEMIA (HIGH BLOOD SUGAR)**

**SIGNS AND SYMPTOMS OF A HIGH BLOOD SUGAR ARE:** (Check (✓) all that apply)

- |  |   |   |   |
|--|---|---|---|
| <input type="checkbox"/> Extreme thirst              | <input type="checkbox"/> Dry Mouth      | <input type="checkbox"/> Frequent urge to urinate | <input type="checkbox"/> Tiredness/weakness |
| <input type="checkbox"/> Difficulty concentrating    | <input type="checkbox"/> Blurry vision  | <input type="checkbox"/> Mood swings              | <input type="checkbox"/> Headache           |
| <input type="checkbox"/> Hungry                      | <input type="checkbox"/> Abdominal Pain | <input type="checkbox"/> Warm/Flushed Skin        |   |
| <input type="checkbox"/> Other, please specify _____ |   |   |   |

If the student exhibits any of the above symptoms:

- Ask student to check their blood sugar
- If blood glucose is greater than \_\_\_\_\_ notify parent
- If unable to check blood sugar remain with student and call parent

### **ACTION**

Provide extra water

Allow student to have open bathroom privileges

### **SIGNS AND SYMPTOMS OF HYPERGLYCAEMIA EMERGENCY:**

- |  |  |   |
|--|--|---|
| <input type="checkbox"/> nausea and vomiting               | <input type="checkbox"/> severe abdominal pain | <input type="checkbox"/> rapid, shallow breathing |
| <input type="checkbox"/> increasing sleepiness or lethargy | <input type="checkbox"/> other _____           |   |

### **Steps to take for severe Hyperglycaemic:**

When blood sugar is at or above: \_\_\_\_\_

### **ACTION**

## **CONSENT FOR STUDENT TO CARRY AND SELF-ADMINISTER DIABETES INTERVENTION MEDICATION(S)**

We agree that \_\_\_\_\_ :

(Student Name)

- can **carry** his/her prescribed Diabetes Intervention Medication while at school and during school-related activities.  
Exception: My child is in JK or SK, so theirs will be with the teacher at all times. \_\_\_\_\_ (parent initial)
- can **self-administer** his/her prescribed Diabetes Intervention Medication while at school and during school-related activities.
- requires assistance** with administering his/her prescribed Diabetes Intervention Medication while at school and during school-related activities.
- We will inform the school of any change in medication or delivery device. The medications **cannot** be beyond the expiration date.

Parent/Guardian Name: \_\_\_\_\_  
(please print) \_\_\_\_\_ (Signature)

Student Name: \_\_\_\_\_  
(18 yrs. or older) \_\_\_\_\_ (please print) \_\_\_\_\_ (Signature)

Date: \_\_\_\_\_

## AUTHORIZATION/CONSENT

The following will be shared with appropriate school staff and others, and/or posted:

- Student Plan of Care – on file in Office and Classroom Teacher
- Identification and Emergency Treatment Plan – posted in classroom
- Identification and Emergency Treatment Plan (HSTS) – shared with Halton Student Transportation Services (if applicable)
- At-a-Glance – posted in Staff Room(s); Health Room; First Aid Room; Office (as applicable)

Parent(s)/Guardian(s): \_\_\_\_\_ Date: \_\_\_\_\_  
Signature

Student: \_\_\_\_\_ Date: \_\_\_\_\_  
(18 yrs. or older) Signature

Principal: \_\_\_\_\_ Date: \_\_\_\_\_  
Signature

## PLAN REVIEW

This plan remains in effect for the school year and will be reviewed annually.

Please Note:

1. It is the parent(s)/guardian(s) responsibility to notify the principal if there is a need to change the plan of care during the school year.
2. Where there has been no change in the child's condition or treatment strategy from the previous year, parents may authorize continuation of the Diabetes Emergency Treatment Plan without proof of diagnosis with initials below.)

There has been no change in condition or treatment strategy from previous year. Parent initial: \_\_\_\_\_

This information is collected pursuant to s. 170 and s.265(1)i) of the **Education Act**, R.S.O. 1990, c. E-2 and s.28(2), 29, 30, 31, 32 and 33 of the **Municipal Freedom of Information and Protection of Privacy Act**, R.S.O. 1990, c. M-56 and the **Personal Health Information Protection Act**, 2004, S.O. 2004, c.3, Sch. A.

If you have any questions regarding your child's personal information, please contact the Principal of your child's school.

Signed Original (Student Plan of Care + Request and Consent for the Administration of Diabetes Intervention Medication(s)): Filed in School Office

Student Plan of Care: Copy to Teacher file

Student Plan of Care: Copy to Secondary Occasional Teacher file

[Identification and Emergency Treatment Plan: Posted in Classroom]

## **REQUEST AND CONSENT**

### **FOR THE ADMINISTRATION OF DIABETES INTERVENTION(S)**

This form is completed when the school agrees with the parental request to administer Diabetes intervention(s). A new form is required: a) at the initiation of this process; b) at the beginning of each school year; c) when interventions changes. Staff agreeing to administer Diabetes intervention(s) will do so according to the information on form only.

<b>Student Name:</b>	Date:
Teacher:	Grade:

#### **STATEMENT OF UNDERSTANDING**

Regarding Parent Requests to provide Diabetes Intervention(s) to students by Employees of the Halton Catholic District School Board  
As the parent(s)/guardian of \_\_\_\_\_, I (we) accept and endorse the following terms and/or

(print name of student)

conditions pertaining to my (our) request for Halton Catholic District School Board employees to provide, under our own authority, my (our) child with interventions listed on the Diabetes Student Plan of Care. Specifically,

I/we understand and accept that:

1. I/we are responsible for supplying and maintaining a limited but adequate supply of fast acting sugar (e.g. juice boxes);
2. I/we are responsible for supplying our child/s/the student's blood sugar testing items and insulin injection supplies, and I/we agree that such supplies are to be in a safe container, labeled with our child's name for transport and storage in class.
3. Board employees do not: administer insulin syringe injections; push the release button on the insulin pump (bolus); store insulin overnight; determine procedures for low blood glucose count; supply fast-acting sugar; administer glucagon syringe injections; dispose of sharps.
4. I/we are responsible for providing up to date information to the school regarding changes in the medical condition, as well as changes that may affect the treatment as outlined in the Diabetes Plan of Care.
5. Board employees are not trained health professionals and, hence, may not recognize the symptoms of my (our) child's medical condition or know how to treat the medical condition;

---

#### **REQUEST AND CONSENT FOR THE ADMINISTRATION OF DIABETES INTERVENTIONS**

Insofar as it concerns my child \_\_\_\_\_, I/We:

- I. Agree to comply with the responsibilities described above;
- II. Request that the interventions listed in the Diabetes Student Plan of Care be administered to my/our child according to the information we have provided; and furthermore,
- III. Release the Halton Catholic District School Board, its employees and agents from any and all liability for loss, damage or injury, howsoever caused to my/our child's person, or property, or to me/us as a consequence, arising from administering the interventions, failing to correctly administer the interventions and/or failing to administer any intervention listed in the Diabetes Student Plan of Care.

Having read and understood the information conveyed in the "Statement of Understanding" and the "Request and Consent for the Administration of Diabetes Intervention(s)" form:

I/we agree to comply with the responsibilities described above.

Signature of Parent/Guardian: \_\_\_\_\_

Date: \_\_\_\_\_

Signature of Student: \_\_\_\_\_

Date: \_\_\_\_\_
