# Inclement Weather Procedure for crossing guards

There may be times during the school year when extreme temperatures or weather conditions impact crossing guard locations.

If Environment Canada issues an extreme cold warning of  $-30^{\circ}\text{C}$  or colder, crossing guards will not be on duty.

**For more information about the inclement weather procedure, visit [oakville.ca](http://oakville.ca).**

  **For notifications about crossing guard service, follow the Town of Oakville on Facebook and Twitter.**
