

Who We Are

As a community of faith with Christ as our centre, St. John Catholic School embodies the Catholic social teachings of Human Dignity through an acceptance of the true uniqueness of each individual while interacting with the mind, heart and hands of Jesus.

Our Vision

In partnership with home and parish, our staff is dedicated to promote a learning environment that encourages excellence and enables all students to reach their potential through the recognition of their individual gifts.

Achieving: Meeting the Needs of All Learners

Educators will support all learners in becoming collaborative contributors who think critically about the meaning and purpose of their work. We strive to provide opportunities for students to effectively communicate in numeracy and literacy, and contribute positively in the classroom, school community and at home. Educators will make evidence-based decisions based on student readiness, interests and learning profiles.

Believing: Celebrating our Catholic faith and aspiring to be models of Christ

Students will be engaged in cross-curricular activities that will promote both their grade level Focus on Faith Theme and the Catholic Graduate Expectations. In partnership with home, school and parish, students will engage in all aspects of our Catholic faith in order to strengthen their relationship with God.

Belonging: Embracing Relationships and sustaining safe, welcoming schools

Staff and students value the dignity of the human person and promote a safe, healthy and active learning environment. We strive, through class embedded lessons and activities, to develop strategies to promote a positive school culture and well-being.

Foundational Elements: Optimizing organizational elements

We will improve our infrastructure to promote the use of collaborative teaching and learning processes and inquiry. Communication will be clear, transparent and responsive.
