

Who We Are

As a community of faith with Christ as our centre, St. Raphael Catholic Elementary School endeavors to prepare today's children for tomorrow's future through a commitment to 21st century learning. We strive to engage our students in real world social justice action planning and animation in our parish and school community.

HCDSB Vision

The Halton Catholic District School Board, in partnership with home and the Church, is dedicated to providing excellence in Catholic education by developing Christ-centered individuals enabled to transform society.

Achieving: Meeting the Needs of All Learners

Educators will support all learners in becoming effective communicators in both numeracy and literacy, and contribute positively in the classroom, school community and at home. Educators will make evidence-based decisions reflected by student readiness, interests and learning profiles.

Believing: Celebrating our Catholic faith and aspiring to be models of Christ

Students will be engaged in cross-curricular activities that will promote both their grade level Focus on Faith Theme and the Catholic Graduate Expectations. In partnership with home, school and parish, students will engage in all aspects of our Catholic faith in order to strengthen their relationship with God and fulfill their God-given potential.

Belonging: Embracing Relationships and sustaining safe, welcoming schools

Staff and students value the dignity of the human person and promote a safe and welcoming space to cultivate a positive sense of belonging, mental health and well-being. We strive, through class embedded lessons and activities, to develop strategies to promote a positive school culture and well-being.

Foundational Elements: Optimizing organizational elements

We continue to build upon our infrastructure to promote the use of collaborative teaching and learning processes and inquiry. Communication will be clear, transparent and responsive.
